Bede Griffiths Talks: The New Creation in Christ

In 1991 Bede Griffiths OSB led the John Main Seminar in New Harmony, Indiana. He chose to speak about John Main's thought on meditation and community and developed it in his mystical understanding of Christ. It was during this Seminar that The World Community for Christian Meditation was formed. In celebration of the 20th anniversary of this event the film of Fr Bede's talks are re-issued. They form the substance of his book The New Creation in Christ
